PRESIDENTS' REPORT- **BOB WHITNEY**

The NATs are a coming, I hope everyone is ready. Jason Allen has agreed to run the races on Tuesday, so we are covered for that. Dave McDonald won't be able to run F2C this year, and I haven't heard back from Bill Lee so we will definitely need help. (Even if Bill does run it, we are definitely going to be short on timers, so who ever isn't flying needs to step up and help.)

The banquet will be at a Chinese Buffet that Dave found ...6:30 Wednesday night . We will have directions.

If anyone knows of any jr's or sr's that will be racing let me know ASAP. Hope to see everyone there.

The team trials are progressing smoothly time is getting short.

Almost forgot. The Rebel Rally is on again this year. Dates to come. Mike was going to cut back the number of events but I convinced him that it would not make it worth while for the out of towners so if you are coming let Mike know what you want to fly. There will probably be F2C on both days.

To all. I will not be able to run the racing at next years Nats so everyone needs to start looking around and come up with someone willing to do it.

From The Southwest District **Dave Hull**

If we can ever get past spring, it would certainly be summer, and time for more racing! Seems like the year of the flood. One of our home fields here was flooded (rare) and we spent two days with a dozen guys armed with shovels, brooms and a power washer to remove most of the silt. A minor impact to the hobby and not to be compared with the severe flooding affecting life and lifestyle around the country. Add some tornados and some wildfires and maybe some earthquakes and it makes going out and just flying in circles sound simple and fun.

There were no contests in the SW district since the last report. No big issues have come in from any of the members, either. I can tell you that my equipment has really taken a beating this year, and I can't seem to fix or replace it as fast as I can crash it! If anyone has a cure for this disease, I'd sure like to hear it! So for me, it is now a mad dash to get a few planes ready for the NATs, else I will be your low cost option as a Rent-A-Pilot. I hope some of the SW district members find ways to get to Muncie this year to enjoy your national contest. I may be packing planes to paint along the way...but if you go, I'll see you there!

Don't forget the upcoming SCAR 5th Annual Wisniewski Memorial contest. It is listed as Sunday, June 19th, but we have had some inquiries if we can fly F2C on Saturday and Sunday. If you want in on a deal like that, give me a call as soon as possible.

Fly safe. Race hard.

Dave "McSlow" Hull

North Central District - Les Akre

Elections for the District Representatives are here, ballots will be included in this issue.

The Nationals is just around the corner. Remember to pre-register so that we can maximize our trophy allotment. It's been a bit embarrassing lately not having trophy's to 3rd place in some AMA events that have been reasonably contested. Remember that Mouse 1 is on Friday, I don't know if the AMA has corrected that on their website yet.

I called Henry Nelson a few days ago to order an engine for Rat and Goodyear. Contrary to what you may have heard, he is not out of business, just scaling things back a bit since his primary machinist decided to return to New Zealand. It may take a bit longer to get your order processed as Henry is back to doing everything himself. He mentioned that he will be starting on a batch of FISE Glows and Diesels shortly.

I'll leave you with a picture of my new "Little Mike" Goodyear that I will debut at the this year's Nat's.

EDITORS' COLUMN- TIM STONE

Lately I have been gearing up for the Nats, carefully going over my planes & equipment in yet another quest to keep from looking too stupid.

Sadly the Nats is about the only contest still left in the Midwest that has c/l racing. I carefully inspect each plane for any cracks or damage. Everything gets stripped off each plane & inspected. Tanks get flushed out & pressure tested. Motors get flushed

out. Bearings, piston & liners get inspected. Everything gets re-assembled and new fuel lines are run. All fasteners are checked for tightness. This can be a bit of work but I think you just can't cut corners on this.

Fox racing lineup at Chicago Circle Cutters

I took some time out, and joined the Chicago Circle Cutters club so I could race with Bob Oge in their annual club race. They are primarily a Stunt and Combat club but they race once a year. It was a laid back event that had a respectable turnout of 12 teams.

Rules were a little odd in that races were not even timed. For each 3-up heat they just count laps and the first guy to make 100 laps has his lap counter stand up & raise his hand. Heat race winners then advanced to a 4 up final. Oge & I both made the final & this time it was Bobs' turn to do battle so I dropped out. Oge/Stone won easily with Chris Gay & Mike Palermo behind by about 10 laps.

All in all it was a fun time, met some nice guys and got in a little practice.

NCLRA REPRESENTATIVE ELECTION

A ballot for elections for NCLRA Regional representatives was previously mailed, if you did not receive one yet please call or email me. Election results will be announced at the NATs banquet.
